MINUTES AND PROCEEDINGS OF A REGULAR MEETING OF THE BUTLER COUNTY BOARD

FEBRUARY 15, 2022. Meeting called to order at 9:00 A.M. by Chairman Rusty Eddy with members Tom Heidenwirth and Greg Barnett present. Moved by Barnett, second by Heidenwirth to approve the agenda. All ayes. Mo-

tion carried.

No public comment received Misty Day, Planning and Zoning Environmental Health Specialist, discussed septic installations in Kesley that may encroach into roads and alleyways. The county has been receiving many applications as the current grant covers the cost of these septic installations. Eddy mentioned a phone call he received about an individual living outside of Kesley, wondering if he was eligible. Day relayed that Kesley is unincorporated so she looked at it as they have a farm, that would not qualify. John Riherd. County Engineer, commented that he would like a formal approval process for individuals wanting the septic installation, as this would ensure the validity of an application. Supervisor Barnett commented that he would be fine with these septic installations, but would like them to stay within their own lots and not cross over. Day commented that she typically keeps them within the property lines. Day currently has three applications and anticipates homeowners to take advantage of this opportunity with the grant funds available. Riherd discussed the possibility of vacating an alley although it seems there would be enough interested parties to not vacate the alley. Vacating the alley would help with septic installations as it would offer an additional 30 feet to work with. The general consensus was to forego the tenfoot setback, but keep them within the property lines and Day agreed with that decision. Supervisor

address this with the board. Auditor Leslie Groen discussed the ARPA funds which will total \$2.8 million. The ARPA Committee met on February 8th to review applications from Butler County Public Health, Dumont Telephone, Butler County Conservation, Environmental Health, and Auditor's office. The ARPA Committee reviewed each individual request and made the following recommendations to the Board of Supervisors to approves: \$200,000 to Dumont Telephone for broadband to underserved areas of Butler County, \$1.5 million to Public Health for a new building, and \$150,000 to Butler County Conse es

Eddy made a note to invite any citi-

zens from Kesley who would like to

Memorial campgrounds. These recommendations would commit \$1.85 million and the committee decided to table decisions on the remaining funds until complete estimates for the Public Health building were received. Ultimately, it is up to the Board to approve the recommendations. Discussions were held regarding new APRA funds final rule which allows opportunity for additional qualifying projects. Groen commented that this is Federal Grant money and the county will need to track exactly how these funds are spent. Sheriff Johnson mentioned that he understands the other projects are priority, although it would be a great help for them to have radio updates with some of the dollars. Riherd mentioned that he did not want to compete for these funds in-house and Groen shared that with the final rule changes we may want to consider new funding requests. Barnett made a motion to approve Resolution #1020, second by Heidenwirth.
