### BUTLER COUNTY, IOWA TITLE V, ORDINANCE #9 - HEALTH REGULATIONS PRIVATE SEWAGE DISPOSAL SYSTEMS

- I. Definitions
- II. General Requirements
- III. Permit Requirements
- IV. Inspection
- V. Construction Standards
- VI. Maintenance
- VII. Septic Contractor Requirements
- VIII. Certified Maintenance Technician
- IX. Wells
- X. Water Lines
- XI. Variances
- XII. Appeal
- XIII. Special Penalty
- XIV. Separability of Provisions
- XV. Supplemental Power

#### Section I - Definitions

For use in this chapter the following terms are defined:

1. County Sanitarian means the person appointed by the Butler County Board of Health to supervise private sewage disposal systems.
2. Department means the Iowa Department of Natural Resources (IDNR).
3. Nuisance means whatever is injurious to health, indecent, or offensive to the senses or an obstacle to the free use of property so as essentially to interfere with the comfortable enjoyment of life or property. This shall include all definitions in Section 657.2 of the Code of Iowa.
4. Public Sewer means a wastewater treatment and disposal facility owned and operated by a corporate public entity such as a city or sanitary sewer district.
5. Private Sewage Disposal System means all equipment and devices necessary for the proper collection, storage, treatment, and disposal of domestic wastewater from four or fewer dwelling units or the equivalent of less than 16 individuals on a continuing basis, including domestic waste, whether residential or nonresidential, but not including industrial waste of any flow rate.
6. Septic Contractor means any person, or business firm, installing, repairing, or providing maintenance of on-site wastewater treatment and disposal systems for compensation.
7. Certified Maintenance Technician means any septic contractor who is certified with the manufacturer of an alternative septic system to provide maintenance and service of said system in accordance with manufacturer recommendations.
8. All terms defined in the current issue of the Iowa Administrative Code 567 Chapter 69, shall be defined the same for these regulations.

#### Section II - General Requirements

1. Discharge Restrictions. It is prohibited for any household drainage and/or sewage, and any commercial or industrial liquid waste or wastewater to discharge to any ditch, stream, lake, pond, natural or artificial waterway, country drain tile, surface water drain tile, or to the surface of the ground. Such material shall be disposed of in such a sanitary manner as is prescribed by these regulations.
2. State Code Adopted. All private

sewage disposal systems located in the County, including the corporate boundaries of incorporated cities and towns, shall be constructed and equipped in accordance with the specifications and requirements set forth by the Department in the most current edition of the Iowa Administrative Code 567, Chapter 69, and to such additional requirements as are prescribed by the regulations of the Board of Health.

3. Permit Required. No person shall begin construction or repair of any private sewage disposal system for any purpose in the County without first having obtained a permit as set out in this chapter. The permit for installation of the private sewage disposal system shall be obtained prior to the construction of or addition to any dwelling or building to be served by this system.
4. Alteration Requires Compliance. No person shall begin construction, reconstruction, alteration, or repair of any private sewage disposal system until the owner has complied with all of the applicable regulations of the Board of Health and the Iowa state Department of Natural Resources.
5. Connection to Public Sewer. No private sewage disposal system shall be installed when a public sewer is available within 200 feet of any building wherein persons reside, congregate, or are employed. In the event that any existing private sewage disposal system should fail, or otherwise be found to cause a nuisance, a connection shall be made to a public sewer within thirty (30) days, when a public sewer is available within 200 feet of the building.
6. Update of Failed System. In the event an private sewage disposal system should fail, or otherwise be found to cause a nuisance, and a public sanitary sewer is not available or is not being utilized, said system shall be made to conform to these regulations. If subject system is not made to conform to the aforementioned regulations, habitation of the contributing structure shall be discontinued.
7. No more than one dwelling will be allowed on any individual private sewage disposal system without the approval of the Board of Health. All additional buildings, shops, etc may be added if system size, soil and site analysis will support it.
8. When a new dwelling is built in place of an older dwelling, a new private sewage disposal system will be required unless the existing system meets the current requirements of the ordinance. An existing private sewage disposal system shall be inspected to confirm that the current requirements are being met and the system is functioning properly prior to any new dwelling being connected to said system. A permit will be required to connect a new dwelling onto an existing septic system.
9. Conventional soil absorption systems as described in Iowa Administrative code 567 Chapter 69, if soil loading rates as determined from a soil analysis are suitable Any soil that has unsuitable soil rates or has water table or limiting layer within three feet of the bottom of the trench will not be suitable for a

conventional soil absorption system.

10. If a conventional soil absorption system is not suitable, an alternative system may be utilized upon approval of the County Sanitarian. A maintenance contract for the service of that system shall be on file prior to any permits being issued and shall be renewed on an annual or semi-annual basis with a certified technician for the life of that system.
11. Any septic contractor who designs, constructs, installs, alters or repairs or provides maintenance on any on-site wastewater treatment and disposal system in Butler County, must have a current license, issued by Butler County Board of Health, under the provisions of Section VII of this regulation.

#### Section III - Permit Requirements

1. Permit Application. Any person desiring a permit must file with the county Sanitarian an application stating the owner's name, current mailing address, phone number, and other information as required by the Board of Health on the most current application form available at the office of the County Sanitarian.
2. Site Visit Required. Application for a permit to construct, reconstruct, alter, or repair a private sewage disposal system shall not be issued until a site visit with the County Sanitarian and septic contractor has been completed. A test hole will be required to conduct a soil analysis and results of any soil percolation tests performed must be provided to the County on a form approved by the County Sanitarian. If a percolation test is done, it must be performed in accordance with the procedures set out in the Iowa Administrative Code 567 Chapter 69 and by the Board of Health. A soil analysis will be required and a percolation test shall be optional.
3. Fee Requirement. Upon approval of the application by the County Sanitarian, the permit will be issued upon payment of the required applicable fees made payable to the County Treasurer's office. The fees shall be as follows:
  - \$250 for new installation, including secondary treatment replacement
  - \$100 for tank replacement or holding tank installation
  - \$50 to hook a new house or shop onto an existing system
4. Fees. Fees may be revised after approval by the Board of Health and by Resolution by the Board of Supervisors.
5. Valid Period. Permits shall have validity for a maximum of twelve (12) months from the time of issuance, during which time the private sewage disposal system shall be completed.

#### Section IV - Inspection

1. Notification. The County Sanitarian shall be notified by telephone, or in person, not less than twenty-four (24) hours before work commences.
2. Inspection. No part of any private sewage disposal system shall be used, covered or constructed so as to deny inspection by the County Sanitarian. An private sewage disposal system is considered ready for inspection when the house sewer, septic tank, distribution box, and lateral pipe are in place but not covered.
3. The County Sanitarian shall take measurements and document the location of the private sewage disposal system using current mapping technology available.

#### Section V - Construction Standards

1. Construction of private sewage disposal systems shall adhere to the standards outlined in Chapter 567-69.
2. All plumbing, including gray water lines, must be routed through the septic tank. The County Sanitarian will need to access the basement to verify that all plumbing meets this requirement.
3. The connection from the house to the tank must be inspected to verify that the pipe is of proper material and is not cracked or in otherwise poor condition before connecting to said pipe.
4. Any connecting lines under driveways shall be protected from freezing.
5. Septic tanks will require an 18" diameter riser to be brought to the surface.
6. Septic tanks must have an effluent filter installed.
7. Distribution boxes must have a riser brought to the surface.
8. When constructing a conventional soil absorption system, no part of the soil absorption system shall be deeper than 3 ft and there shall be no less than 3 ft separation from any limiting layer.
9. When constructing sandfilters, at-grades, mound systems, or rock & pipe systems, the septic contractor shall provide documentation from the quarry where the sand and gravel is obtained certifying that said material meets the standards of Chapter 567-69.

#### Section VI - Maintenance

1. It is the homeowners responsibility to maintain their private sewage disposal system to keep it in good working condition. At a minimum, a homeowner should clean their effluent filter once a year and have the septic tank pumped every three (3) to five (5) years. A general maintenance Dos and Dents will be provided to the homeowner after the installation is complete.
2. If an alternative private sewage disposal system is installed, the system must be serviced by a certified technician on an annual basis. Effluent samples must be taken twice a year per NPDES General Permit #4 requirements whenever a system discharges into or near a water of the state.
3. All maintenance contracts, inspection reports and sample results must be provided to the County by the certified technician in a timely manner. If a homeowner fails to renew their contract, it is the certified technician's responsibility to notify the County.

#### Section VII -Septic Contractor Requirements

- Any person, firm or corporation desiring to construct, alter, repair or provide maintenance of any private on-site wastewater treatment and disposal system in Butler County, Iowa shall first file for a license and approval with the Butler County Sanitarian, conditioned on the faithful performance of all duties and

regulations required by the Butler County Board of Health, and all Ordinances and Regulations of Butler County and the Iowa Department of Natural Resources governing "On-site Wastewater Treatment and Disposal Systems".

1. Persons desiring to obtain a Butler County license to install, repair, alter or maintain onsite wastewater treatment and disposal systems must be a holder in good standing of an Iowa On-site Wastewater Association (IOWWA) certification as a Certified Installer of Onsite Wastewater Treatment System, either Basic or Advanced Levels. Certification must be obtained by July 1, 2010. Continuing education credits to be defined by IOWWA Certification requirements. Prior to July 1, 2010, the applicant must maintain 12 hours of continuing education through training provided by IOWWA, or training approved by the Butler County Sanitarian. All inspections of on-site wastewater treatment and disposal systems require that an IOWWA Certified Installer be on site during the inspection.
2. The Administrative Authority will issue a Contractor's License, valid for a period of twelve (12) months, provided the applicant is the holder in good standing of the IOWWA Certified Installers License and has met the continuing education requirements of such certification.
3. An annual license fee shall be established by the Butler County Board of Health and shall be paid at the time of application.
4. License fees will be determined by the Butler County Board of Health.
5. Revocation and Denial of License. The septic contractor license may be revoked by the Administrative Authority if terms of this Regulation or any part of Title V, Ordinance #9 of the Iowa Code, Environmental Protection [567], Chapter 69 are violated. The contractor may only be reinstated at the discretion of the Butler County Board of Health.
6. Revocation Period. Application for renewal of license, when the license has been revoked, will not be allowed for a period of one (1) year from the date of revocation.
7. Appeal Hearing. An appeal hearing on license denial or revocation may be requested in writing to the Butler County Board of Health.

#### Section VIII - Certified Maintenance Technician

1. Any person performing maintenance on an alternative septic system shall become a certified maintenance technician by taking a certification course through the manufacturer of said system or other approved course. Proof of certification shall be provided to the County prior to providing maintenance on any alternative system in Butler County.
- Section IX - Wells

If an private sewage disposal system is to be constructed, reconstructed, altered, or repaired and a well is located less than the minimum distance as set out in the Iowa Administrative Code 567 Chapter 69.3 (2), then the well must be abandoned and properly plugged. The well must be plugged according

to rules established in the Iowa Administrative Code 567, Chapter 39, "Requirements for Properly Plugging Abandoned Wells.", unless a variance is granted by the Board of Health.

#### Section X - Water Line

No house service water line shall be installed so as to interfere with and/or prohibit the installation of a private sewage disposal system. All water lines installed after installation of a private sewage disposal system shall adhere to a 10 ft setback.

#### Section XI - Variances

Variances to these regulations may be granted by the Board of Health provided sufficient and proposed alternative information is afforded to substantiate the need and propriety for such action. Variances shall be requested in writing and addressed to the Board of Health. All decisions regarding this topic shall be issued in writing to the requester.

#### Section XII - Appeal

Any person who feels aggrieved by any notice or order made by the County Sanitarian or the Board of Health shall have the right to appeal to the Board of Health at the next regular meeting. The Board of Health by majority vote may modify, withdraw, or order compliance with said notice or order.

#### Section XIII - Special Penalty

Any person, firm, partnership or corporation, who violates any of the provisions of this chapter shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than \$100.00 per offense or by imprisonment of not more than 30 days. In addition thereto, such persons may be enjoined from continuing such violations. Each additional day of neglect or failure to comply with such provision, rule, or lawful order after notice of violation by the Board of Health shall constitute a separate offense.

#### Section XIV - Separability of Provisions

If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance.

#### Section XV - Supplemental Power

No section, clause or provision of this Ordinance shall limit the power of the County Sanitarian or Board of Health to obtain injunctive or other relief or to enforce Public Health Laws or Ordinances or standards in any other lawful manner.

Passed and adopted this 21st day of June 2022

Greg Barnett  
Chairman  
Butler County Board of Health  
Attest: Tammy Fleshner  
Butler County Board of Health Secretary  
Rusty Eddy

## MINUTES City of New Hartford

### NEW HARTFORD CITY COUNCIL MINUTES AUGUST 3, 2022

ROLL CALL: Mayor Dennis Canfield, Tim Woods, Randy Johnson, Abbie Perez Absent Cindy Brewer, Barb Harper

OTHERS PRESENT Jr Cole, Sam Gage, Chad Campbell, Jill Norton, JoAnn Kellum, Stephanie Boecker, TJ Eden

After the Pledge of Allegiance, the Mayor kicks off the evening with the new Townhall session explaining this program will be at the beginning of all City Council meetings inviting all to bring their ideas for a better community to the table. This opportunity is for a "working better together" environment.

Eden gave an update on the upcoming water leak maintenance plans.

Kellum explained the property across from Beaver Manor has been and is still a major eyesore and would like to see it finally cleaned-up. She also expressed her concern regarding the sinkhole at the end of Saratoga St and would like to see the ditches mowed up and cleaned east of the manor.

Motion to approve the agenda was made by Harper 2nd by Perez with vote being all eyes motion carries.

Campbell from Mellema-Campbell Ins and Real Estate updated council on the city liability insurance for the next years coverage through ICAP. He also touched briefly on IMWCA and Flood Insurance to be discussed in near future.

Gage from Macquire Iron made a proposal for the Water tower maintenance program.

Norton Martin Memorial Library explained they received the Americorp approval and the happenings with the library.

Boecker Economic Development explained the pause put on the Main St Scape Project south of the bar as people keep driving upon that project area asking the city to put a plan in place to help this project move forward. She also had encouraging news regarding the Childcare Project in process.

JULY REVENUES: General \$16366.95 Road Use \$6031.55 Water Utilities \$6792.81 Sewer Utilities \$6582.31 Total All funds \$35773.62 EXPENDITURES: General \$47110.11; Road Use \$68711.62; Water Utilities \$9535.36; Sewer Utilities \$10897.38; Debt Serv \$ Total all funds \$136254.47

Moved by Perez 2nd by Harper to approve the consent agenda as presented including payment to Bernd's Ponds with votes being all eyes motion carries.

Cole Maintenance reports he blocked off a section of Saratoga St because of the sinkhole; He will be placing the "Historic Hwy 20" signs this week; has been making a dead tree listing and will categorize them; received a quote from Mracek in regards to the lagoon aerators.

Clerk will talk to County Engineer regarding the sinkhole, cleaning the ditch and street signs requesting Woods and Cole to meet at City Hall 9a to join in conversation. Johnson would like to be involved in the city-wide dead tree project. And clerk would like to talk to the City Engineer regarding the aerators to fit them into an existing project.

A motion by Woods was then made to approve the proposal from the Butler County Engineer shared expense county picking up the labor and equipment expense of \$6000 and the city pay for the materials and asphalt appx \$9000 second by Harper with the vote being all eyes motion carries.

Mayor also questions the Maintenance priority list which should include the water tower freezing issue solution; storm sewer maintenance; and an updated listing on the Curb Stop Project.

Clerk explained the malicious intentions regarding the Evergreen Estates Center outside water spicket being vandalized choking the water from the petunia tree on Main St. Younger people were seen throwing rocks at cars and onto Main St Tuesday morning. These same children pulled the timer and hose from the faucet leaving the water run for hours and spreading mud onto the side of building. Clerk explained the owners of this building are kindly letting the city use this faucet to water the flowers on the corner of the block. With this being said a motion for clerk to compare the usage from prior month and make necessary the adjustments were made by Woods 2nd by Perez with vote being all eyes motion carries.

Motion to approve RESOLUTION 790AF2022 SETTING PUBLIC HEARING FOR ORDINANCE UPDATES ON GARBAGE RATES; PET LICENSE; GOLF CART PERMITS; AND PARKING AMENDMENT for September 7th at 5:30 pm City Council Chambers was moved

by Harper 2nd by Johnson with vote being all ayes motion carries.

Motion to hire Peoples Services to do the water & sewer reports starting at the Mayors discretion Sept or Oct was moved by Johnson 2nd by Brewer with all being ayes motion carries.

Motion made by Perez 2nd by Woods to move forward with the nuisance letters issued to 821 Main St; 101 Saratoga ST; 205 Water St. After discussions of the continued nuisance issues this letter serves as the last letter from the city; the next letter will be sent to the Butler Co Sheriff's Office on August 15th to be served by a Deputy as the final notice; if property owners do not comply by August 31st, the city will hire a service to clean up the properties charging the owners for that service with vote being all ayes motion carries. The discussion also included properties that are next to receive final notices.

Motion to approve 21 Junction liquor licenses after updates are made was moved by Brewer 2nd by Perez with vote being all ayes motion carries.

Johnson pointed out the many potholes that are still needing to be filled and would like to see them completed.

Motion to adjourn made by Johnson 2nd by Brewer at 8:39p with vote being all ayes motion carries.

## MINUTES Butler County Board of Supervisors

### MINUTES AND PROCEEDINGS OF A REGULAR MEETING OF THE BUTLER COUNTY BOARD OF SUPERVISORS HELD ON AUGUST 2, 2022.

Meeting called to order at 9:01 A.M. by Chairman Rusty Eddy with members Tom Heidenwirth and Greg Barnett present. Moved by Barnett, second by Heidenwirth to approve the minutes as read. All ayes. Motion carried.

Minutes of the previous meeting were read. Motioned by Heidenwirth, second by Barnett to approve the minutes as read. All ayes. Motion carried.

Tim Junker, Allison, inquired about the pipeline and if any new information was available. Barnett commented that Heartland pipeline has proposed updates to the route with more public meetings taking place. Richard Blau, Shell Rock, was present to check on the railroad line inconvenience for residents near the Logistics Park. As the railroad crosses his driveway, he is sometimes unable to access the gravel road. He has missed appointments due to this. He also indicated that others have had taxes decreased because of the inconvenience, and he was wondering why his were not lowered. Eddy directed him to the Assessor's office to get an answer to this question.

Eddy motioned to open a Public Hearing on a FY23 Budget Amendment, second by Barnett. All ayes. Motion carried. Auditor Leslie Groen provided details on amendment items as follows: Revenue: \$1.4 million was received as the second tranche of ARPA funds has been received. The County has now received its total ARPA funds in the amount of \$2,804,606A. A HAVA grant of \$10,000 was received by the Auditor's office which will be used for election security. Expenses: Public Health increased their mileage budget by \$8,500 due to the County's mileage increase. Elections budget increased by \$10,000 to utilize the HAVA Grant, and ARPA expenses increased by \$1,450,000 to fund the Public Health building addition. With no public comment heard, motioned to close public hearing by Barnett, second by Heidenwirth. All ayes, motion carried.

Following discussion, it was motioned by Barnett, second by Heidenwirth to adopt said amendment as follows:

### RECORD OF HEARING AND TERMINATION ON THE AMENDMENT TO THE FY22 COUNTY BUDGET

The County Board of Supervisors met on August 2, 2022, to adopt an amendment to the current County budget as summarized below. The amendment was adopted after compliance with the public notice, public hearing and public meeting provisions as required by law.

**REVENUES**  
Intergovernmental \$1,412,303  
ARPA Federal Grant, HAVA Grant \$1,412,303  
**EXPENDITURES**  
Capital Project \$1,450,000  
ARPA Building Expense – Public Health Government Services \$10,000  
Elections, Minor Equipment Physical Health and Social Services \$8,500  
Mileage – Public Health \$1,468,500  
WHEREUPON, the Chairperson declared the motion carried and

Amendment duly adopted.  
RESOLUTION #1041  
WHEREAS, it was moved by Barnett, seconded by Eddy to approve increasing appropriations for the following:

Service Area/Department Additional Appropriation FY2022  
06 Elections \$10,000  
30 Public Health \$8,500  
99 Non-Departmental \$1,450,000  
The roll was called and the vote thereon was:  
AYES: Greg Barnett  
NAYS: None  
Rusty Eddy  
Tom Heidenwirth  
THEREFORE, be it resolved that the motion was carried.  
WHEREUPON the Resolution was declared duly adopted this 2nd day of August, 2022

Rusty Eddy  
Leslie Groen  
Rusty Eddy  
ATTEST:  
Chair, Board of Supervisors  
Leslie Groen, County Auditor

Kelly Peuse, the daughter of Joel and Rosemary Sult, was present to discuss the railroad crossing lighting in rural areas. Peuse provided a statement regarding the tragic death of her parents and introduced her family, who joined her in attendance. In her statement she indicated that she personally went to the crash site and saw that there is a main railroad line that runs east-west with a spur line running parallel just to the south of the main railroad line. At this intersection, the main line has cross buck signs with lights and audio alert. The spur line has crossbuck signs only, no lights and no audio alert. Neither line has crossing arms. Although the spur lines may not create as much cross traffic with the roadway as the main line, she and her family feel that the infrequent crossings make them even more unexpected and dangerous. They feel that the private spur lines should be required to meet or exceed the mainline standards in the area. Peuse further stated that there is a federal program called the Highway-Railroad Crossing Safety Program. According to the DOT website, this crossing safety program participates in the cost of safety improvements at public highway-railroad grade crossings, and the funds may be used for installing new crossing signal devices. Peuse asked that the Butler County Board of Supervisors pass a resolution to study whether, using Federal or State funding, the County could install traffic-control devices at the spur line. More than 100 citizens were present via zoom and many others called in support of Peuse's statement.

Mike Miner, Conservation Director, provided an update on Shell Rock River Watershed. A \$100,000 grant was awarded and a request for proposal will be the next step in order to obtain a management plan. The goal of the plan is to improve water quality, mitigate future flooding, and enhance recreational areas. Blau had a question about contaminants and flooding on his land. Miner directed him to the DNR regarding those questions.

Board reviewed the existing County Farm Leases. Eddy motioned to terminate the two existing farm leases, second by Heidenwirth. All ayes. Motion carried.

Board considered Resolution 1042 for inclusion in Iowa County Engineers Association's Safe Streets and Roads for All (SS4A) grant application. County Engineer, John Riherd, stated that a safety plan with a

specific criterion is needed in order to be eligible for federal funds. Motioned by Heidenwirth to approve, second by Barnett. All ayes. Motion carried to adopt Resolution 1042 as follows:

Butler County Resolution # 1042  
RESOLUTION FOR PARTICIPATION IN SS4A GRANT APPLICATION  
Moved by Heidenwirth and seconded by Barnett to approve the following resolution:  
WHEREAS, as part of the new Federal Transportation Bill, Infrastructure Investment and Jobs Act (IIJA), there is over \$1B of roadway safety funding available in the form of Safe Streets and Roads for All (SS4A) grants. To be an eligible applicant for this new safety funding, a county MUST have an eligible Action Plan in place; and  
WHEREAS, the Iowa County Engineers Association (ICEA) plans to apply for a SS4A grant to develop and supply all 99 counties in Iowa with an eligible Action Plan at no cost to the counties. ICEA encourages all 99 counties to participate in this grant application; and  
WHEREAS, the Butler County Board of Supervisors will commit to achieve significant declines in roadway fatalities and serious injuries in Butler County; and  
WHEREAS, the Butler County Board of Supervisors, after consulting with the Butler County Engineer, desires to participate in a joint SS4A grant to develop and receive an eligible Action Plan for Butler County.

NOW THEREFORE BE IT RESOLVED by the Butler County Board of Supervisors that this County does hereby request to be included in the statewide SS4A grant to develop Actions Plans for all 99 counties in Iowa  
Passed and Approved this 2nd day of August, 2022.  
Rusty Eddy, Chairman  
ATTEST: Butler County Board of Supervisors  
Leslie Groen  
Butler County Auditor  
Date: August 2, 2022  
Board discussed a policy for upgrading roads to Class A service level. Riherd discussed an inquiry about improving a level B road as the individual is planning to add a shop and house. The board discussed whether or not to make a policy or to keep the current process of taking it to the board. Eddy commented that he likes the current process. Riherd stated that he is not interested in developing a policy where the county pays for the work to be done, but possibly a policy that states how to bring a case forward.

Motioned by Heidenwirth, second by Barnett to enter into closed session at 9:50 A.M. to consider E911 Tower Litigation. The board went back into open session at 10:21 A.M. with a motion by Eddy, second by Barnett to review to open session. All ayes. Motion carried. Barnett made a motion to table action for a written proposal until August 9, 2022, second by Heidenwirth. All ayes. Motion carried.  
Motioned by Barnett, second by Heidenwirth to approve claims. All ayes. Motion carried.

## NOTICE Butler County

### NOTICE OF PUBLIC INFORMATIONAL MEETING

Navigator Heartland Greenway, LLC ("Navigator"), with its principal place of business at 2626 Cole Ave, Suite 900, Dallas, Texas 75204, is proposing to build a large-scale carbon capture pipeline system spanning more than 1,200 miles across five states in the Midwest that will materially reduce participants' carbon footprint and further the global goal of carbon neutrality. This pipeline system, called the Heartland Greenway Project, will capture carbon dioxide ("CO<sub>2</sub>") emissions from local facilities before those emissions reach the atmosphere and transport the CO<sub>2</sub> safely via pipeline to a permanent and secure underground sequestration site in Illinois. The Project will be located in parts of Iowa, Illinois, Minnesota, Nebraska, and South Dakota. In total, the Project will be capable of capturing and storing at least 15 million metric tons of CO<sub>2</sub> per year, equivalent to capturing the emissions from approximately 3.2 million vehicles driven annually (the "Project"). A map depicting the proposed Project route in Butler County is shown below. The pipeline will be owned, operated and maintained by Navigator.

You may have attended or heard about earlier informational meetings for the Project. Recognizing the economic and environmental benefits that the Project will deliver, several additional facilities have elected to participate in the Project. This additional interest, as well as information gleaned from initial surveys, has resulted in changes and additions to the Project route that require additional informational meetings.

A public informational meeting regarding the Heartland Greenway Project will be held by the Iowa Utilities Board (the "Board"). At the meeting, additional details of the Project and information regarding the legal rights of affected landowners will be presented, and time will be given to address questions from attendees. The meeting is expected to last approximately one hour. Specific details of the informational meeting in Butler County are as follows:

- When: Wednesday, August 24, 2022 at 12:00 pm
- Where: Greene Community Center, 202 W South St, Greene, IA 50636

Navigator may seek permanent easements, easements for temporary construction workspace, or access easements for the Project. The final alignment of the pipeline will be selected after negotiations with landowners and field surveys are complete. Please note that while we would have liked to meet with you before the meeting to address any questions or concerns you might have, under Iowa law, Navigator cannot negotiate or talk with landowners about the route location or easement compensation in Butler County before the public informational meeting.

We encourage you to attend the informational meeting for additional details regarding the purpose, timing, and routing of the Project. You have the right to be present at the informational meeting and to file objections or comments with the Board if you choose. If you are unable to

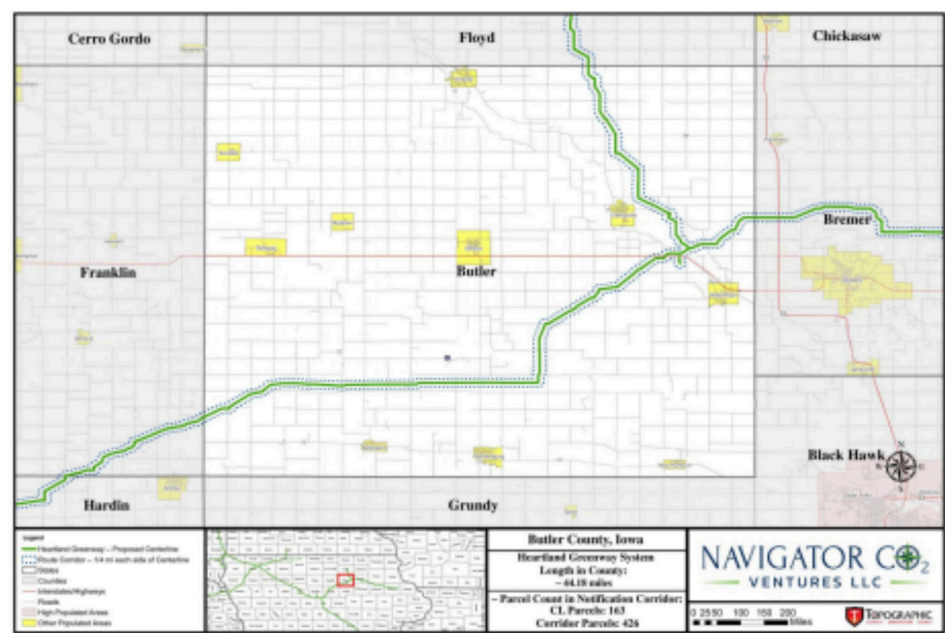

attend this informational meeting, you may also attend one of the other meetings scheduled to take place. A full list of meetings is provided on our website at [www.heartlandgreenway.com](http://www.heartlandgreenway.com). Additionally, the Board will host a virtual meeting allowing you to attend and participate remotely. The virtual meeting will take place at 6:00 pm on September 21, 2022. Information for registering and attending the webinar will be available on the Board's website, [www.iub.iowa.gov](http://www.iub.iowa.gov), on the Hearing and Meeting Calendar webpage. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Board at (515) 725-7300 in advance of the scheduled date to request accommodations.

Following the informational meeting, our right-of-way representatives will begin contacting landowners regarding survey activity and easement negotiations. At least thirty days (and up to two years) after the informational meeting, Navigator intends to file a petition with the Board for permission to build the

pipeline. Our goal is to reach voluntary agreements with all landowners along the Project route, though if we are unable to do so we may need to request the right of eminent domain ("condemnation") from the Board. The Board makes the decision whether to approve or deny the pipeline permit through a public hearing process. The Board's decision will be based on the evidentiary record created at the hearing. The duty of the Board is to determine if the proposed pipeline promotes the public convenience and necessity and meets the other requirements of applicable Iowa law and Board rules. If condemnation of a particular right-of-way is requested in connection with the pipeline, the Board will consider that request after a public hearing is held. Separate from any compensation for right-of-way, we will also provide compensation for documented construction damages.

If you would like to learn more about the Heartland Greenway Project, please visit our website at [www.heartlandgreenway.com](http://www.heartlandgreenway.com) or email us at [info@navigatorco2.com](mailto:info@navigatorco2.com).

## MINUTES City of Aplington

### REGULAR MEETING OF THE APLINGTON CITY COUNCIL APLINGTON CITY HALL AUGUST 10, 2022 6:00 P.M.

The Aplington City Council met in regular session on August 10 2022. Jason Mehmen, Mayor, called the meeting to order at 6:00 p.m. Council members present: Schipper, Meyer, Uhlenhopp, Lage, and Jacobs.

Travis Fleshner introduced himself to the Council. Mr. Fleshner is the new superintendent for the AP Schools.

A motion by Meyer, seconded by Lage, to approve the consent agenda, which includes the agenda, the financial report ending July 2022, and a list of claims as presented, carried unanimously.

Jeff Ridder, Public Works Department, presented two quotes for a grapple bucket. Upon discussion, a motion by Meyer, seconded by Lage, to approve the purchase of a grapple bucket from BDS Equipment in the amount of \$2899.00, carried unanimously. The public works department will concrete the parking by the Closed shelter and concrete a pad for the dumpster. Jeff also reported that approximately 1/3 of the street lights have been changed to LED lighting.

Holli Harken, Mary Meyer, and Erin Monroe were in attendance to explain the options of firms proposing a new pool.

Building permits approved during the month were Jim Johnson, Dennis Rops, and Harold Madden.

Police Chief Matt Lind reported on items within the department.

Scott Poppen gave a report on the calls for the fire department. He also asked approval for a new member of the department. A motion by Lage, seconded by Meyer, to approve Blake Keys as a new member of the department, carried unanimously.

A motion by Lage, seconded by Uhlenhopp, to approve Resolution 581-22.1 revising the salary/wages, carried unanimously.

The first reading of Ordinance 216-22 amending Section 106.08 of the Municipal Code regarding the fee for solid waste (garbage) collection from \$18 to \$20 for each residential premise was presented. Roll call vote of all ayes, carried unanimously. The second reading of ordinance 216-22 will be placed on the September agenda.

Fehr-Graham firm has been contacted to give an estimate or proposal for the land purchased east of 6th street.

Trick or Treat has been set for October 29. The @homeAplington group will be sponsoring games, s'mores, and popcorn at the City Park for everyone.

There being no further business, a motion by Meyer, seconded by Jacobs, to adjourn, carried unanimously. Meeting adjourned at 7:032 p.m.
